Travelodge

Project Overview:

The new hotel is the perfect base for business travellers to East London. The Excel Exhibition Centre, Canary Wharf, and the O2 Arena all within easy reach and London City Airport a short drive away.

The 113 bedroom hotel has a bar/cafe and also features Travelodge's SuperRoom concept for added comforts. The new hotel forms part of Travelodge expansion plan to open 100 more hotels over the next 5 years.

Service: Project Monitoring

Location: London

Challenges:

Evans Jones worked on behalf of Travelodge to monitor the project through the construction phase to completion. It was integral to work closely with the Developer and Contractor to ensure that the hotel was progressing well and meeting targets.

Results:

Due to careful planning, Travelodge London Beckton was completed on time, to budget and in line with Travelodge's exacting quality standards. It successfully opened to its first customers in January 2020.
