Project Overview:

Evans Jones were appointed by Bourne Leisure to carry out Disabled Access Audits of 13 of their Warner Leisure Hotels as well as create an Accessibility Management Plan for their new Studley Castle Hotel.

Bourne Leisure is one of the UK's leading holiday providers, their brands include Warner Leisure Hotels, Haven Holidays and Butlins. Bourne Leisure maintain high equality standards and aim to provide a fully inclusive experience to all guests regardless of their disabilities.

Service: Access Audit

Location: UK

Challenges:

Although most of the Warner Leisure Hotels are situated within listed buildings, which provides inevitable constraints for redevelopment, Evans Jones were able to provide suggestions to allow Bourne Leisure to achieve a good standard of accessibility for their guests.

Results:

Audits were completed by our team of trained in-house auditors to an agreed budget. A bespoke report format was then presented to the client which provided realistic recommendations and a clear priority schedule, allowing Bourne Leisure to plan their works accordingly.
